LTPML Bags India Manufacturing Excellence Award

India's leading business daily, *The Economic Times*, in partnership with Global Consulting firm, Frost & Sullivan (F&S), has awarded L&T Plastics Machinery Limited (LTPML), Chennai, the prestigious '*The Economic Times – India Manufacturing Excellence Award (IMEA) 2010*' in the Gold category.

Mr. S. Raghavan, Senior Vice President – IPMOC, L&T, and Mr. P. Kailas, Chief Executive of LTPML received the award from the Resident Editor of *The Economic Times* on December 3, 2010, at a glittering ceremony in Mumbai.

Mr. P. Kailas and Mr. S. Raghavan (1st & 2nd from left in foreground) receiving the award on behalf of the LTPML team.

LTPML was selected for this prestigious award by F&S after a professional audit of the manufacturing facility and interaction with various functional groups.

The Chennai unit of LTPML is a state-of-the-art injection moulding machine manufacturing facility, producing machines and auxiliary equipment for the plastics processing industry. It is renowned in India and abroad as a quality machine manufacturer.
