L&T featured again in *Forbes Asia's Fabulous 50*

L&T has been featured in the *Forbes Asia's* annual 'Fabulous 50' list released by the publication, for the fifth time in a row. Again, L&T is the only engineering and construction company in India to feature in the list.

The elite group drawn up by *Forbes Asia* is of Asia-Pacific's publicly-traded companies with revenues or market capitalisation of at least \$5 billion. 15 other Indian companies have made it to the list including Infosys, TCS, ITC, Mahindra & Mahindra, Axis Bank, Dr. Reddy's Laboratories, HCL Technologies, HDFC Bank, Hindalco Industries, and JSW Steel.

Forbes compiled an initial list of 936 companies for the survey. The criteria that were applied included revenue, operating earnings and return on capital over the past five years. It also considered the most recent results, share-price movements and the outlook.

The results affirm L&T's leadership position in the industry in the Asian region.
