L&T Construction Wins Orders Valued ₹ 1009 Crs

Mumbai, March 31, 2014: L&T Construction has won new orders worth ₹ 1009 crores across various business segments in March 2014

Buildings & Factories Business

In the Buildings & Factories Business new design & build orders worth ₹ 573 Crores have been received.

The orders are from a leading real estate company for the construction of mixed use development in Lucknow and the construction of a community center in Bangalore. The scope involves civil, finishes, mechanical, electrical, plumbing, finishes and other associated works.

Additional orders have also been received from an ongoing job in Hyderabad for the work of transit oriented development.

Transportation Infrastructure Business

The Transportation Infrastructure Business has won a new order worth ₹ 316 Crores from a road developer for design, engineering and construction of an elevated road between Jinzira Bazaar and Batanagar on the Budge Budge trunk road in Kolkata.

The flyover will take off at Jinzira Bazaar, about 3km west of the Taratala crossing, and terminate at Batanagar. The two-lane flyover will run above the Budge Budge Trunk Road.

Power Transmission & Distribution Business

The Power Transmission & Distribution Business has bagged an order worth ₹ 120 Crores from Odisha Power Transmission Corporation Limited for engineering, supply, erection and commissioning of 33/11 kV Sub-Stations and associated lines for the Odisha Distribution System Strengthening Project.
