

Larsen & Toubro has secured an offshore contract valued at ₹ 1,500 crore from the Oil & Natural Gas Corporation (ONGC) for total 'EPCI' - Engineering Procurement Construction & Installation of four wellhead platforms. The contract was won against international competitive bidding.

The project is scheduled to complete the project by April, 2014. In addition to conventional wellhead facilities, one of the platforms, viz., the B-127, will also have process gas compression facility.

L&T has been serving the upstream hydrocarbon sector since early the '90s. This contract reiterates the long term association of ONGC with L&T.

L&T has a strong track project management and world class fabrication & sea installation capabilities.

Larsen & Toubro is a technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for
