L&T Bags Rs 5000-crore Orders in Buildings & Factories Segment

Mumbai, September 24, 2008: L&T's newly formed Buildings & Factories Operating Company – part of its Construction Vertical – has bagged several large-value orders aggregating to around Rs.5000 crores in the second quarter of 2008-09 for the construction of a slew of institutional, commercial, residential and factory buildings. The orders have been receiv trend that earlier saw

the Company securing major design-&-build orders in the airports, IT Parks and commercial space. L&T has been engaged in virtually all the modern airports in India that have been built or are under execution including those at Hyderabad, Bangalore, Delhi and Mumbai.

L&T's Capability Spectrum

Larsen & Toubro Group (L&T) is \$7 billion technology-driven engineering and construction organisation, and one of the largest companies in India's private sector. It has further interests in manufacturing, services and Information Technology. A strong, customer-focused approach and the constant quest for top-class quality have enabled the Company to attain and sustain leadership in its major lines of business across seven decades.

As a technology-driven engineering conglomerate, L&T's capabilities cover large process plants, construction, electrical distribution, electronics and information technology. L&T is in a position to offer its customers a single window for meeting a variety of industrial requirements. L&T has a successful track record in building plant and equipment used in the oil & gas sector, refineries, infrastructure and power projects, and has technology relationships with world leaders that have enabled it to execute world-class projects.
