Mr. S.N. Subrahmanyan to

Mr. Subrahmanyan joined the construction business of L&T in 1984 as a project planning engineer after completing a degree in civil engineering and post-graduation in business management. His ability to develop innovative solutions in the construction and infrastructure space has seen him rise rapidly up the leadership rungs of the Company. He successfully helmed infrastructure projects including new airports in major cities, metro, and freight corridor projects across India and expansion of operations in international geographies. The L&T Construction business has grown multifold under his leadership to rank among the top 25 global contractors and by far the largest EPC player in the country.
