

About Tamco Switchgear:

Tamco Switchgear Malaysia offers electrical distribution and control solutions in the medium and low voltage range to industries and utilities in South-East Asia, Middle East, Africa and Australia with manufacturing facilities in Malaysia, Indonesia and Australia. A part of L&T Electrical & Automation, Tamco is a multi-ethnic organization that strives for business excellence and customer satisfaction through its indigenous technology and focus on quality and after sales service.

L&T Background:

Larsen & Toubro is a USD 13.5 billion technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by the reputed international magazine [Forbes](#), and ranked the world's 9th Most Innovative Company by [Business Week](#). L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
