

## **L&T Construction Awarded (Significant\*) Contracts for its Various Businesses**

**Mumbai, July 19, 2021: L&T Construction, the construction arm of L&T has won a slew of orders in India and abroad for its various businesses**

### **Power Transmission & Distribution**

**The Power Transmission & Distribution Business has won an order to construct a 220kV Transmission Line associated with system strengthening in the Ladakh region. The design and execution of this system involves traversing avalanche prone, hilly terrains and ice loading of conductors.**

**Another turnkey order has been received for urban power distribution in Ayodhya city under the Integrated Power Development Scheme.**

**In Dubai city, an order to design, supply, construct, install, test, and commission a 132/11kV substation with associated cable works has been received.**

**Additionally, two transmission line packages have been secured in Africa.**

**A package involving supply and construction of a new Gas Insulated Substation and associated substation extensions has been won in Thailand. These works will enhance the transmission system reliability. These contracts are part of L&T's commitment to support the growth of the power sector in emerging markets.**

## **Background**

**Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong customer-focused approach and the constant quest for top class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.**
