

L&T Construction Wins Orders (Large) for its Power Transmission & Distribution (PT&D) Business

Mumbai, October 30 2023

The Power Transmission & Distribution business of L&T Construction has secured key orders in India and overseas, in the current quarter:

In Chhattisgarh, the business has received an order for establishing 400kV & 220kV transmission lines to help relieve the congestion in the state's electricity transmission grid

In Saudi Arabia, an order for turnkey construction of a 380kV Substation with associated overhead transmission lines has been won
