

# L&T Enhances its Renewables Portfolio: Finalises (Mega\*) Orders for Solar Plants in the Middle East

Mumbai, Jul 08, 2024: The Renewables arm of Larsen & Toubro (L&T) has finalised mega orders with a leading developer in the Middle East to build two Gigawatt scale Solar PV plants. The plants will have a cumulative capacity of 3.5 GW .

The scope of the orders also includes grid interconnections encompassing pooling substations and overhead transmission lines. Detailed engineering and initial construction work are expected to commence shortly.

Last month, L&T announced having won a solar-cum-storage plant order in India. Now, with these fresh mega orders from the Middle East, L&T's renewables portfolio is poised to reach 22 GWp (Gigawatt Peak) cumulative capacity, comprising solar and wind generation projects already commissioned and those in the making.

Mr T Madhava Das, Whole-time Director & Sr tGT t i n s a n d S e s ( n ) i n f o o r 4 o a 2 P i 9 e 2 7 0 t o 8 1 2 7 0 1 8 6 capabilities to meet the requirements in terms of plant performance, workforce mobility, safety, quality and timeline. We cherish this level of customer trust”.

Commenting on the mega orders, Mr S N Subrahmanyam, Chairman & Managing Director said: “ The Middle East is far ahead in creating sustainable energy infrastructure providing a smart lifestyle. These orders are welcome additions to our green portfolio build the company of the future with next- generation technologies ”

## Background:

Larsen & Toubro is a USD 27 billion Indian multinational enterprise engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for over eight decades.
